

MANISH PATIL

DATA ENGINEER

✉ manish876660@gmail.com ☎ +91 8766605304 📍 Pune, India

🌐 linkedin.com/in/manish-patil-009389321 🐙 github.com/patilmanish1486

Profile

Highly motivated **Data Engineering** fresher with a B.E. in Information Technology. Experienced in designing and building scalable data pipelines using **AWS Glue**, **Apache Spark** (EMR), and various database systems (SQL, NoSQL). Passionate about delivering business value through reliable cloud-native data solutions and eager to contribute to a forward-thinking team.

WORK EXPERIENCE

Data Analyst, InternshipStudio 09/2024 – 01/2025

- Performed data cleaning, transformation, and analysis using SQL and Python to derive actionable insights.
- Created interactive dashboards and reports to visualize key performance indicators for stakeholders.

ACADEMIC HISTORY

Bachelor of Engineering in Information Technology, 2022 – 2026
Savitribai Phule Pune University

- TE GPA: 9.07

SKILLS

Programming Languages

Python (Pandas, NumPy), SQL

Databases

MySQL, PostgreSQL, MongoDB, Cassandra

Big Data Technologies

Apache Spark, Apache Hadoop, Apache Kafka

Cloud Platforms

AWS (S3, EC2, Lambda, Glue, Redshift)

ETL & Data Warehousing

ETL Tools (e.g., Apache Airflow, Talend), Data Modeling

Tools & Version Control

Git, Docker, Jupyter Notebook, VS Code

Concepts

Data Governance, Data Quality, Data Security, Real-time Data Processing, Batch Processing

CERTIFICATION

Python for Data Science and

Machine Learning Bootcamp

Udemy
