SQL, MySQL

Version Control

GitHub

EDUCATION

B.E in Artificial intelligence and Machine learning (Pursuing)

Savitribai Phule Pune University

Genba Sopanrao Moze College of Engineering

11/2022 – Present

Balewadi, India

SSC - 84.60 %

Savitribai Phule Pune University

Satral, India

HSC - 71.17 %

Savitribai Phule Pune University

Satral, India

PROFESSIONAL EXPERIENCE

Intern

CODTECH IT SOLUTIONS PVT.LTD

01/2025 – 02/2025

Hyderabad, India

- Automated data preprocessing and ETL using Python (Pandas, Scikit-learn)
- Built machine learning models for classification and NLP
- Created visualizations and reports to support decisions
- Applied optimization techniques for business solutions

PROJECTS

Coffee Sales Dashboard [🔗](#)

An interactive Excel dashboard that explores coffee sales trends, customer behavior, and product performance through pivot tables and dynamic visual charts

Mavan Movies Rental Store Data Analysis [🔗](#)

A SQL-driven data analysis project examining rental trends, customer patterns, and business performance through advanced queries and data aggregation

AirBnB Impact of Regulation [🔗](#)

A data-driven analysis of how regulations affect Airbnb listings, pricing patterns, and market behavior across key global cities, supported by comprehensive datasets and visualizations

Digital-payment_phoneway_dashboard [🔗](#)

A data-driven analysis of digital payment transactions, user behavior, and service performance across India, supported by interactive Power BI visualizations and transaction datasets.
