Skills

- **Programming & Libraries:** Python, NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn.
- **Machine Learning & AI:** Supervised/Unsupervised Learning, Deep Learning, Neural Networks, Model Evaluation.
- **Frameworks & Tools:** TensorFlow, PyTorch, Keras, OpenCV, NLTK, SpaCy
- **Data Handling Preprocessing, & Engineering:** Data Feature Engineering, Data Visualization, SQL
- **Cloud & Deployment:** Flask, Docker, REST APIs, Git/GitHub, Cloud Platforms (AWS/GCP/Azure)

Projects

- 09/2025 – Present **Predictive Maintenance for Industrial Equipment**
Built and deployed predictive maintenance models on **Google Cloud (Vertex AI & BigQuery ML)** using time-series sensor data. Applied AutoML for anomaly detection and created actionable dashboards in **Looker Studio**, reducing unplanned downtime.
- 07/2025 – 2025 **Classification & Captioning Aircraft Damage using Pretrained Models**
Developed a deep learning pipeline using VGG16 and transfer learning for aircraft damage classification. Implemented image preprocessing, augmentation, and feature extraction using Keras and TensorFlow. Generated descriptive captions for detected damage, improving interpretability and accuracy.
- 11/2024 – 01/2025 **Customer Sentiment Analysis**
Built a sentiment analysis pipeline using **Python, Scikit-learn, and NLP libraries (NLTK, SpaCy)** to classify customer reviews into positive, neutral, or negative sentiments. Used **TF-IDF vectorization** and trained machine learning models (Logistic Regression, SVM) to achieve 90% accuracy. Deployed the model via **Flask API** for real-time text sentiment prediction.

Certificates

- IBM Ai Engineering Professional certificate
- Python Programming
- AWS Certified Machine Learning Specialty MLS-C01
- Microsoft Certified: Azure AI Engineer Associate
- Google Professional ML Engineer

Education

2020
Pune **SSC**
The New Millennium English Medium School
88.40%

2023
Pune **Diploma in Computer Science**
Zeal Polytechnic
70%

09/2023
Pune **BE in Artificial Intelligence and machine learning**
Genba Sopanrao Moze College of Engineering
8.50 CGPA
