Career Objective

A motivated computer engineering student aiming to start my career as a Java Full Stack Developer, where I can apply my programming skills, learn from industry experts, and contribute effectively to the success of Agnotics.

Technical Skills

Frontend: HTML, CSS & basics of JavaScript

Programming Languages: Core Java

Database: SQL

Tools & IDEs: Eclipse IDE, VS Code

Academic Project

Expense Tracker Web Application

- Developed a web-based Expense Tracker to record and analyze daily expenses.
- Implemented user authentication, expense categorization, and chart-based analytics using JavaScript and Chart.js.
- Used HTML, CSS, and JavaScript for frontend; integrated SQL for backend data storage (future integration with Java planned).
- Focused on a responsive design and clean UI for better usability.

Education

Bachelor of Engineering (Computer Engineering)

Genba Sopanrao Moze College of Engineering, Pune (Expected Year of Passing: 2026)

Professional Development: Pursuing Java Full Stack Development at QSpiders, Pune

HSC – Shri Barfani Academy, Indore (2022) – 70%

SSC – St. Arnold's School, Indore (2020) – 69.9%

Strengths

- Quick Learner and Adaptable
- Positive Attitude and Disciplined
