EDUCATION

Savitribai Phule Pune University (SPPU)

B.Tech – Artificial Intelligence and Machine Learning

Pune, Maharashtra, India

Aug. 2023 - Jun 2027

Higher Secondary Certificate (HSC – 12th)

Maharashtra State Board

Ahemadnagar, Maharashtra, India

Aug. 2021 - May 2023

PROJECTS

HR Analytics – Attendance Analysis | *Power BI, Microsoft Excel, DAX, Dashboard Dev* Dec 2025 – Present

- Analyzed employee attendance data using Excel and Power BI to identify presence, WFH, and leave trends
- Cleaned and standardized raw HR data using attendance keys and data validation techniques
- Built interactive Power BI dashboards to track Present %, WFH %, and Sick Leave %
- Created DAX measures for total working days, attendance KPIs, and percentage calculations
- Visualized attendance patterns by employee, date, month, and day of week
- Implemented filters and slicers to enable dynamic HR reporting and drill-down analysis
- Analyzed workforce attendance behavior to support HR planning and decision-making
- Improved visibility into employee productivity through data-driven insights

Sales Performance Analysis | *Power BI, Excel, Python, SQL* Jan 2026 – Mar 2026

- Analyzed sales data using SQL queries to extract, filter, and aggregate large datasets
- Cleaned and preprocessed raw sales data using Python (Pandas, NumPy) to handle missing values and outliers
- Performed exploratory data analysis (EDA) to identify sales trends, seasonality, and regional performance
- Built interactive Power BI dashboards to track KPIs such as Total Revenue, Sales Growth, Profit Margin, and Order Volume
- Created DAX measures for time-based analysis including MoM and YoY sales comparisons
- Visualized sales performance by product category, customer segment, and geography
- Used slicers and filters to enable dynamic reporting and drill-down analysis
- Generated data-driven insights to support business decisions in pricing, marketing, and inventory management

Hospitality Analytics | *Excel, Power BI, DAX* Jul 2025 – Nov 2025

- Analyzed hospitality data using Excel and Power BI to evaluate hotel occupancy, revenue, and guest trends
- Cleaned and standardized booking and guest data by handling missing values, duplicates, and date inconsistencies
- Built interactive dashboards to track KPIs such as Occupancy Rate, ADR, RevPAR, and Total Revenue
- Created DAX measures to calculate seasonal trends, cancellation rates, and booking performance
- Visualized performance by room type, city, booking channel, and time period
- Performed guest behavior analysis to identify repeat customers and preference patterns
- Used filters and slicers to enable dynamic analysis by date, location, and room category
- Generated data-driven insights to support pricing strategy, demand forecasting, and operational planning

TECHNICAL SKILLS

- **Programming Languages:** Python, SQL
- **Data Analysis Tools:** Microsoft Excel, Power BI
- **BI Analytics Skills:** DAX, Dashboard Development
- **Data Handling:** Data Cleaning, Data Transformation, Data Validation
- **Other Skills:** Dashboard Creation, Data Visualization, Problem Solving, Business Understanding

OTHER ACTIVITIES

- Member of Hostel Social Security Committee: Organized events to improve hostel safety and welfare
- Volunteered in Community Service Programs: Participated in blood donation camps and environmental awareness drives
