SUMMARY

Highly motivated computer engineering graduate with a strong foundation in technology and a hunger for learning. Excited to dive into the world of IT, I am open to exploring diverse technical roles and leveraging my skills to drive innovation. Seeking opportunities to collaborate with dynamic teams and contribute to impactful projects in the everevolving tech landscape.

EDUCATION

Master of Computer Applications (MCA) Savitribai Phule Pune University CGPA: 7.96 / 10.00	2024 – 2026
Bachelor of Science in Computer Science North Maharashtra University CGPA: 8.69 / 10.00	2021 – 2024

SKILLS

Languages	Java, C++, SQL
Web Technologies	JSP, Javascript ,HTML, CSS
Developer Tools	Git, GitHub, VS Code, Eclipse, Pycharm
Core Concepts	OOP, DBMS

PROJECTS

StartupSage Web Application

- A dynamic platform for managing startup operations, leveraging modern UI/UX and backend technologies.

TrackMyShow

- A mobile app enabling users to search movies/TV shows, locate availability, and receive timely notifications.

Full-Stack E-commerce Shopping Cart

- Built a complete e-commerce platform using **Java**, **JSP**, and **Servlets**, featuring product browsing, cart management, and order processing.
- Integrated an email-based API with a **MySQL** backend for real-time order tracking and user notifications.

INTERPERSONAL SKILLS

- Problem Solving
- Time Management, Adaptability, Flexibility
- Teamwork, Collaboration, Leadership
- Active Listening, Communication, Self-Confidence
