

SHAZ KAZI

Aspiring Software Developer

☎ +91-9309008903 ✉ shazkazi60@gmail.com  [linkedin.com/in/shazkazi](https://www.linkedin.com/in/shazkazi)

Summary

Bachelor's degree in Computer Engineering with a solid foundation in Java, Python, and Object-Oriented Programming. Skilled in SQL and software development practices. Led a team of four students in the development of undergraduate projects. Knowledgeable in machine learning with relevant certification. Currently learning Django to strengthen backend development expertise.

Skills

Programming & Querying: SQL, Python, Java, HTML, CSS

Frameworks and Libraries: Django (Learning), Pandas, Scikit-learn, Tensorflow (Learning)

Machine Learning & statistics: Regression, Classification, Feature Engineering, Model Evaluation

Soft Skills: Problem Solving, Communication, Critical Thinking

Projects

Coronary Artery Disease Prediction | *Python, Optuna, Flask*

- Merged three patient datasets (Cleveland, Statlog, Hungary) to create a comprehensive training base.
- Implemented and fine-tuned CatBoost using Optuna for hyperparameter optimization.
- Developed a Flask-based interface for user interaction and result visualization.
- Outperformed the baseline Random Forest model 94.60% by achieving 95.62% accuracy.

Car Rental System | *Java, OOP*

- Developed a modular car rental system using Java and OOP principles.
- Designed and implemented class hierarchies with inheritance and polymorphism to support multiple car types and rental rules.
- Built a console-based interface for booking and returns, ensuring clear, reusable logic for price calculations and rental tracking.

Certifications

- **Machine Learning A-Z: AI, Python & R - (Udemy, 2025)** : Completed a comprehensive machine learning course covering regression, classification, clustering, NLP, deep learning, reinforcement learning, and model selection techniques.
- **Deep Learning A-Z: Neural Networks & AI - (Udemy, 2025)**: Gained hands on experience with Artificial Neural Networks (ANN), Convolutional Neural Networks (CNN), and Recurrent Neural Networks (RNN)

Education

B.E. Computer Engineering

Moze College, Pune

Graduated: 2025

CGPA: 7.3 / 10
