Database (RDBMS) :- MySql , PostgreSQL , Oracle.

NoSQL :- MongoDB.

Tools :- GitHub, VS Code, Postman, Jira, Figma, WordPress.

AI Tools :- ChatGPT, Blackbox, Google Bard, GitHub Copilot, Gemini, Whisper.

EXPERIENCE

Full Stack Developer (MEAN Stack) Intern

Web Touch India Solutions, Pune

01 December 2023 to 01 June 2024

- Led the development of cutting-edge web applications using the MEAN stack (MongoDB, Express.js, Angular, Node.js).
 - Worked in an Agile development environment, collaborating closely with cross-functional teams to deliver high-quality software solutions on time and within budget.
 - Implemented authentication and authorization mechanisms, including JWT (JSON Web Tokens), to secure web applications and protect sensitive data.
 - Utilized MongoDB for database management, designing schemas and optimizing queries to ensure fast and reliable data access.
 - Developed RESTful APIs using Node.js and Express.js, Loopback ensuring secure and efficient communication between the front-end and back-end systems.
 - Utilized Angular's data binding features, including property binding, event binding, and twoway data binding, to establish communication between components and their templates.
-

EXPERIENCE

Lecturer –Computer Engineering

RSCOE Polytechnic JSPM, Tathawade, Pune

July 2024 – April 2025
